

# Nikhil Suresh Rao Falke

MERN Stack Developer • Frontend Specialist

+91-7499105910 • [nikhilfalke11@gmail.com](mailto:nikhilfalke11@gmail.com) • [LinkedIn](#) • [GitHub](#)

## PROFESSIONAL SUMMARY

Results-driven MERN Stack Developer with 2+ years of experience building high-performance web applications. Currently spearheading customer-facing product development at LifeMine Technology, with prior expertise in interactive e-learning platforms at MITR Learning & Media. Proficient in React.js, TypeScript, Node.js, and a modern frontend ecosystem including TanStack Query, Framer Motion, and MUI. Passionate about clean code, seamless UX, and performance optimization.

## WORK EXPERIENCE

### MERN Stack Developer | LifeMine Technology

September 2025 – Present

#### Product: Fatafat Services — Customer-facing web platform

- ▶ Built and maintained the customer website for Fatafat Services using React.js with TypeScript, delivering a responsive and performant user experience.
- ▶ Integrated OlaMap API for real-time location and mapping features, enabling dynamic service area display and location-based routing.
- ▶ Implemented Google Analytics for tracking user behavior, funnel analysis, and conversion optimization insights.
- ▶ Developed rich-text content editing capabilities using TipTap Editor, enabling admins and users to create formatted content with ease.
- ▶ Built complex UI components and data grids using Material UI (MUI), maintaining design consistency across the platform.
- ▶ Integrated Matrix Chat protocol for real-time messaging and communication features within the platform.
- ▶ Created fluid animations and micro-interactions using Framer Motion, elevating the overall UX quality.
- ▶ Managed server-state, caching, and data-fetching with TanStack Query and Axios, significantly reducing redundant API calls.
- ▶ Collaborated with backend and design teams in an Agile environment to deliver features on schedule.

### Graduate Engineer Trainee | Mitr Learning & Media Pvt. Ltd.

June 2024 – June 2025

- ▶ Designed and developed dynamic, user-centric e-learning applications using React.js, Konva.js, and CreateJS.
- ▶ Led the Scribble Pad POC Project — an interactive drawing and learning simulation tool for student education.
- ▶ Optimized reusable React components, improving application performance and development efficiency.
- ▶ Collaborated with cross-functional teams to deliver high-quality features within tight deadlines.
- ▶ Analyzed and corrected existing software bugs, improving code quality and output reliability.
- ▶ Actively participated in code reviews and contributed to architecture decisions for e-learning modules.

## PROJECTS

### Fatafat Services – Customer Website [View Project](#)

A full-featured customer-facing web platform built with React.js + TypeScript. Includes OlaMap integration, Matrix Chat, real-time data fetching with TanStack Query, rich text editing via TipTap, and animated UI with Framer Motion. Tracks engagement via Google Analytics.

**Tech:** React.js, TypeScript, OlaMap, Google Analytics, TanStack Query, Axios, Matrix Chat, MUI, TipTap, Framer Motion

### Scribble Pad [View Project](#)

A web-based interactive drawing application with tools for drawing, painting, erasing, and shape manipulation. Includes undo/redo, canvas save, and controls. Designed as a POC for educational use with future plans for real-time collaboration and multi-device support.

**Tech:** React.js, CreateJS, Konva.js, JavaScript ES6+

Personal Portfolio Website [🔗 View Project](#)

A responsive and interactive portfolio showcasing projects, skills, and professional journey. Built with modern web technologies for a seamless user experience across all devices.

Tech: React.js, CSS3, JavaScript ES6+

TECHNICAL SKILLS

---

**Frontend:** HTML5, CSS3, Tailwind CSS, JavaScript ES6+, TypeScript, React.js, Framer Motion, MUI (Material UI), Shadcn UI, Tweakcn

**State & Data:** TanStack Query, Redux, Axios, Context API, REST APIs

**Build Tools:** Vite, Webpack

**Mapping & Analytics:** OlaMap API, Google Analytics

**Rich Text & Media:** TipTap Editor, CreateJS, Konva.js

**Real-time:** Matrix Chat Protocol

**Backend:** Node.js, Express.js, JWT, JSON

**Database:** MySQL, MongoDB

**Testing & API:** Postman

**AI Tools:** Claude AI, Cursor AI, WARP

**Version Control & Tools:** Git, GitHub, SVN, Jira

EDUCATION

---

Bachelor of Computer Science & Engineering

March 2019 – June 2023

Dr. Rajendra Gode Institute of Technology, Amravati • CGPA: 8.14

Higher Secondary Certificate (HSC)

March 2017 – March 2019

S.G.V.M. Junior College, Amravati • 70%

Secondary School Certificate (SSC)

March 2016 – March 2017

Z.P. High School, Nandgaon Peth • 81%
